

9th month / 2th / 84.

M. W. Chapman. Dear Friend I regret it
that I have to trouble Thee again for some
further information in regard to the lost
frames. Thy last Letter informed me that
the Box was placed in the care of James C.
Jackson. I sent him word that the Box did
not come to hand.. and he informed me
that he was spoke to concerning them, but
it was agreed to send them some other way
and since then he has not heard any thing
about them. Thee has already had some
trouble with them then I expected men I
sent them. My sole object was to benefit
your Society.. I would not trouble Thee again
unless I think it a pity they should be
lost, if Thee can give me any information
concerning them I will consider it a great
favor. I was pleased to hear of your
safe return to this Country, I hope ^{you} may
enjoy health and happiness and live
to see the chains fall from the
American Slave.. and our Principles prevail
of those of the Slavery and Corruption.

Thy friend Edwin Meade
